

## HIDE-A-HOSE HOSE RETRIEVAL TOOL

- 100' X ¼" Poly Anchor Line
- 2" x 1/8" Toggle Bolt (includes screw)
- Lock nut & small washer
- "Sail" (example 2" square cloth or foam peanut)

Be sure to attach toggle so it will close entering the hose and open when it exits the end cap.

Mark rope in 10' increments to help determine the position of the hose.

("Handle" as shown: 2 - 90° Y, 1 - 2" piece vac pipe glued between Ys)
