

The New  
**Stand Alone  
Mounting Kit**

*from Hide-A-Hose*

With the **Stand Alone Mounting Kit**,  
install a **Hide-A-Hose inlet** inside a cabinet,  
in a closet, or mount it to an external wall.

The Hide-A-Hose retractable hose in a cabinet or closet...

When it's not possible to install a Hide-A-Hose inlet near the kitchen.

- Mount the inlet vertically or horizontally

The Hide-A-Hose retractable hose mounted externally on a wall...

Easy installation for garages and commercial applications with exposed piping.

All the advantages of the standard Hide-A-Hose system...

- Customize the hose length up to 50 feet
- Each hose comes with a hose sock
- Use it with quick cleanup tools, floor tools, or a Turbocat® for carpets
